A passionate entrepreneur and connoisseur of food and fine wine, Bill Redelmeier, together with his partner Marilyn, evolved Bill's family business from a cattle farm on a 19th century property in Richmond Hill, through to a roadside vegetable stand in the 1980s, to a thriving garden market, and now an award-winning winery.

Bill's agricultural roots run deep – he honed his skills and knowledge at the University of Guelph and was an active supporter of local growers long before the expression "locavore" was coined.

In 2005, Bill chose to reinvest in agriculture by purchasing a 74-acre vineyard in the heart of Ontario wine country in Niagara-on-the-Lake. He doubled his holdings to approximately 150 acres of prime viticultural land in the spring of 2008. With this significant investment located within the Green Belt, Bill has intentionally chosen to become a part of this region's agricultural heritage for generations to come.

Bill has pursued certifications for both the vineyard and the winery – including LEED, biodynamic and organic certification – clearly demonstrating leadership and commitment to environmental concerns, quality winemaking, and outstanding customer experience.

We are looking forward to meeting with you on  
Monday October 20, 2025  
at the Trafalgar Park Community Centre,  
133 Rebecca Street, and via Zoom

**Now that we are experiencing an unexpected postal strike, if you do not want to use e-transfer, please consider bringing the payment of your membership fee or your holiday dinner payment to the in-person October meeting. Thank you.**

As we enjoy the beautiful fall colours and the briskness of the air, we are able to explore the magical outdoor landscape and reflect upon the upcoming celebration of Thanksgiving.

Autumn is a season of transition with the days becoming shorter, the leaves changing colours then eventually falling and the temperature slowly dropping. It is a season that encourages togetherness. As we bring out our cozy sweaters and spend time with friends, family and colleagues walking, picking apples, visiting pumpkin patches and farmers' markets, we are reminded of the strength we find in connection.

Celebrating Thanksgiving gives us an opportunity to slow down and appreciate all that we are thankful for. This includes our abundance of food, home and shelter, health and well-being, family and friends as well as community and belonging. We are also reminded of those less fortunate than us.

May the friendship and support found within our CFUW group continue to inspire us to lead with kindness, respect and gratitude.

Happy Thanksgiving everyone!

Katherine, Kyoko and Palma  
Leadership Team

Introduction:

We are going to try something different this year. Through the newsletter each month, different members of Advocacy hope to highlight an issue which you may or may not be aware of. Anne Douglas started us off in the September issue with an article on health care. This month Bonnie Jensen highlights sepsis and its devastating outcome.

### **Sepsis in Ontario: Silent, Swift, Deadly – What you should know**

Sepsis is defined as

“A life-threatening condition when the body’s immune system has an extreme response to an infection causing organ dysfunction.” (World Health Organization).

It may progress quickly, lead to shock, multi-organ failure and death.

Some of the warning signs you should be aware of:

- Fever/extreme shivering
- Rapid breathing/shortness of breath
- Slurred speech/altered mental state
- Low or zero urine output
- Skin mottled or discoloured
- Feels like you are going to die

Those with a compromised immune system (age or comorbidity) are at much higher risk.

Recent Cases in the media in Ontario highlight the importance of early recognition and prompt treatment.

1. A 29-year-old Ontario woman died 2 days after delivering a healthy baby boy by C-section. Cause: Group A Strep Sepsis
2. A second woman in a post-partum unit died days after giving birth. The signs of serious infection were overlooked.
3. After a near fatal sepsis infection a child was airlifted 350 km to a hospital that could manage the illness. The child was initially sent home from the first hospital diagnosed with a viral infection.
4. A 16-year-old died in hospital after an 8-hour Emergency Room wait to see a doctor. His illness was later diagnosed as pneumonia and sepsis.

Sepsis is a medical emergency! Every hour counts.

Be informed.

Be aware.

Each one of us can help stop Sepsis and save lives.

# Podshops

## Listen to a life- Podshops!

Everyone has a story from their early lives that gives an interesting context and perspective for the present. How we did things in 1950 is not the way we do things now. Our food, our shopping, how we travel, and communicate — even how we find love — are all very different today than they used to be.

This is an exciting opportunity for you to explore ways to unlock, capture, and record your memories using creative tools with writers and theatre artists, Amy and Duncan McKenzie.

### Interest Groups update

Interest groups are at the core of CFUW clubs. It is through the interaction and conversation in interest groups where names and faces get converted into friends. I encourage all of you to find an interest group to join, if you haven't done so yet. I have already had requests to join our interest groups from eight new and current members. Thanks to the various groups for taking in these new members. Contact me if you have questions about any of our interest groups or if you want to join one.

If you have an interest that isn't covered by any existing groups, or all relevant groups are full, let me know and we can discuss starting a new group. Speaking of which, we have had a request for a new gourmet group. Please contact me if you are interested.

Hikers I and II are both full. There are 6 people on the waiting lists for Hikers I and II. If anyone is interested in starting a new Hikers group, please get in touch with me.

This is also a reminder to group convenors to take pictures of your activities and send them, in original size please, to Pat Z for the newsletter and Raine G for social media, along with a short write-up.

Please note: So that emails get archived for my eventual successor, I'm using the club address for interest group communications, [interestgroups@cfuwoakville.ca](mailto:interestgroups@cfuwoakville.ca). If you forget that email address, it is on the interest groups page on the club website.

**Christine Forber, Interest Groups Chair**

The **Gourmet III** group had their September dinner featuring a Fall Fare menu of Cranberry Pecan Cheese Ball, Roasted Red Pepper soup, Peach Salad, Roasted Vegetables, Maple Pecan Crusted Chicken, Crème Brûlée tarts.

(The photographer apologizes for the blurriness, but he did get everyone in.)

## Interest Group Activities

In August the **Foodie World Adventure** group had our last dinner of the year celebrating Hungarian food. The authentic Hungarian gulyas was cooked outside by Erika, on an open fire, in a big cauldron! We all had a chance to stir it and then run into the shade, as it was one of the hottest days of the summer !

Eva Baxter

**Social Eves** had a dinner meeting at Arlene's lovely house overlooking the lake and watching the sailboats pass by.

Thanks to Marjorie Bell and Nancy Stavert who stepped up to convene the group. Many others volunteered to plan each month so we will have a fun and interesting year ahead!

### Interest Group Activities for October 2025

New and returning members who would like to join one of these groups are encouraged to let the Interest Group Chair know at [interestgroups@cfuwoakville.ca](mailto:interestgroups@cfuwoakville.ca). They will try to accommodate your wishes.

**Book Discussion and Exchange Clubs**, morning or evening. Members of these book clubs choose books to read and discuss each month. 'Playing With Ideas' members read one short selection each month from an anthology.

## University Women's Club of Oakville Scholarship Fund

### Richard Garnett Memorial Engineering Scholarship (Academic): Evelynn Rougier

The Richard Garnett Memorial Scholarships were established by his family in memory of Richard Garnett and his vibrant career in engineering. This Scholarship (one of two) is awarded annually, based on academic excellence and service to school and/or community, to a student attending a Canadian University to study Engineering.

Evelynn is a driven and dedicated individual who excels academically and musically. Her teachers praise her collaborative spirit, recognizing that she prioritizes the greater good over individual interests. As a member of the music council, Evelynn led the successful "Music Night" fundraiser, raising \$6,000 for the school's music program and Angel Fund, which ensures students facing financial barriers can participate in orchestra trips.

Known for her dedication and perseverance, Evelynn consistently strives to improve, tackling challenges with determination and logic. She excels as a team player, balancing academics, extracurricular activities, and part-time jobs with excellent time management skills.

Evelynn is also a committed mentor and leader, dedicating volunteer hours to assisting younger students in the dance studio. She understands the importance of connection, community, and giving back, inspiring her peers with her passion and dedication. She is acknowledged by staff at the dance academy for going above and beyond to ensure that the children, some with learning disabilities, are prepared, confident and engaged.

With a future goal of becoming an engineer and working in structural design and urban planning, Evelynn aims to use science and mathematics to create more inclusive and efficient communities. Her passion for building a better world for those around her drives her commitment to making a positive impact. As a scholarship recipient, Evelynn embodies the values of hard work, dedication, and community spirit.

It is with great pleasure that the CFUW presents Evelynn Rougier with the Richard Garnett Memorial Engineering Scholarship.

**Post Secondary:** Arts & Science ,University of Toronto

Lauren is a talented and driven young woman who hopes to pursue a career in medicine. In addition to excelling academically, she has pursued experiences that have deepened her interest in scientific research and healthcare. Through a summer internship at the University Health Network's kidney transplant research lab, Lauren gained exposure to transplant medicine. She contributed to data analysis and abstraction, collaborated on editing a protocol for a patient partnership model at the Amjera Transplant Centre, and co-presented her work at a 2024 research conference.

Lauren's personal connection to the medical field stems from her younger brother, who lives with epilepsy and nonverbal autism. Seeing the challenges he faces due to societal judgment has motivated Lauren to drive positive change for marginalized communities. Through volunteer work, such as Best Buddies, Lauren has demonstrated leadership and empathy, supporting neurodivergent individuals and promoting inclusivity.

Lauren has had a very rich and comprehensive high school experience, marked by significant leadership roles. As the HCDSB Student Trustee for three years, she devoted 15 hours a week to representing 37,000 students across the region. In this role, she collected student input and gave them a voice by creating monthly reports to the Board of Trustees on issues affecting students.

Described by her teachers as a role model of integrity, Lauren leads by example, showcasing moral values, empathy, and compassion. What sets her apart is her unwavering dedication to ensuring everyone feels seen and valued. Whether advocating for equitable practices at her school or fostering inclusivity in various settings, Lauren's commitment to making a difference is evident. With her remarkable leadership, compassion, and passion for healthcare, Lauren is ready to make a lasting impact in her community and beyond.

It is with great pleasure that the CFUW presents Lauren McGuire with the Access Scholarship.
